

**Rope Access I, II & III Training  
SPRAT & IRATA Certification  
January 13-17, 2007  
Clearfield (near Salt Lake City), Utah  
Co-sponsored by Petzl America**

Join Ropeworks at Petzl America's headquarters for a world-class training opportunity designed to prepare candidates to the new certification standards of the Society of Professional Rope Access Technicians (SPRAT). An independent certification by a SPRAT evaluator will be conducted on the last day of the training. The course precedes the SPRAT annual conference in Salt Lake City.

**Student to Instructor Ratios:** Essential skills are learned and retained best when every candidate is given individual attention. Therefore, our average student-to-instructor ratios are 4:1 and will not exceed 6:1 for all rope access and rescue courses.

**About Ropeworks:** Ropeworks is North America's leading supplier of rope access training and equipment. Instructors are known for their technical expertise, as well as their skill as educators. All Ropeworks instructors are professionals that actively work at height.

**About Petzl:** Petzl is a world-leading manufacturer of industrial rope access and rescue equipment. Petzl, founded on a spirit of exploration and discovery, provides tools, techniques, and ideas that minimize risk while enabling access to the inaccessible.

### Course Schedule

The training runs Saturday through Wednesday 8 AM to 5 PM. A one-hour lunch is scheduled from approximately noon to 1 PM.

### Equipment

All rope access equipment is provided. Participants may elect to bring their own equipment, provided it passes an inspection by our qualified staff. An individual equipment bag will be checked out to each person. The candidate can elect to purchase a new equipment kit. Equipment discounts will be applied when equipment is purchased with a course from Ropeworks.

### Clothing

Clothing needs to be loose enough to allow full mobility, while not posing the hazard of becoming caught in safety equipment or work tools. Avoid pants that require a belt or have rivets near the hips. Lightweight coveralls are the best. Shorts are not appropriate. Bring clothing layers to accommodate a range of temperatures. The training area is in Petzl's temperature-moderated warehouse.

### Footwear

Sturdy work boots with a flexible sole and proper heel are recommended. Steel-toe boots are not required. Soles with sticky rubber can be chosen to provide better footing when climbing around on structures.

Equipment Checklist  
Work Clothes  
Lightweight work gloves  
Safety/Sun Glasses  
Sturdy footwear  
Water bottle & snacks  
Great Attitude!

**Gloves**

Please bring your own set of gloves or order some Petzl gloves from Ropeworks. Gloves must fit well and should not hinder the technician's ability to operate his tools and safety equipment.

**Meals & Snacks**

Please bring your own water bottle and snacks to the training. Students can bring a bag lunch or restaurants are a short drive from the facility.

**Lodging & Logistics**

Petzl America is located in Clearfield Utah, conveniently 30 minutes north from downtown Salt Lake City and the Salt Lake City Airport. Petzl has a special rate of \$69 arranged at the Hampton Inn Salt Lake City (we will provide a discount code with your course confirmation).

**Hampton Inn Salt Lake City/Layton**

1700 North Woodland Park Drive, Layton, Utah 84041

Phone: 1-801-775-8800
